Aunt Lorraine Partners with NSA to "Get The Scoops"

"No One Tells Me Anything Around Here...."

Langley (AP) Aunt Lorraine has partnered with the National Security Agency (NSA) to increase her knowledge of family events. "Well, it started when I heard that Liz was heading north on Highway 52 on her way to eastern Iowa and she didn't stop for lunch. It was only 95 miles out of her way."

"I called the boys at NSA and asked them to them to put together a command and control center in the garage so I can monitor the family's travels," said Lorraine as she put on her headphones to watch a potential Traci sighting that appeared in central Wisconsin. "Look at that, she is only two hundred clicks away. She could stop in for a cup of coffee."

A few family members would not comment on her new venture but once promised confidentiality by the MNL staff, some made off-the-record remarks. "Once I heard about Aunt Lorraine's new surveillance project," said a Winona reader, "I knew it has something to do with my recent cable television reception problem. I thought I was going nuts as I kept seeing images of Uncle Bing sitting in his garage, drinking coffee with some service personnel, all wearing his fishing hats, as he was trying to recruit them to join the Faribault VFW."

Finally, a famous dog owner from Wisconsin said, "I find it comforting that she is watching. I was speeding down the highway when I got a call on my cell from Joanie to slow down. As I heard it, Grandma called Joanie to tell me to keep it under 75. I really appreciate her concern since I don't have AAA or any local cops in my pocket."

MNL News From Around The Region

"New Subscribers Abound"

September new subscribers include **Craig Schurhamer** (buddy from high school), **Tammy Long** (ex-wife #4), **Lori Edstrom** (Winona pal), **Barbara Broker-Bullick** (newest resident of Arizona Women's Penitentiary) and **Kofi Annan** (old college roommate).

Father Henry Doyle will be added to the growing number of subscribers next month. Due to the phrase "Mike Lohrmann's butt" below, it was decided to wait until October to ease the good Father into the fold.

(Little) Billy Miller reports that his recent home decoration project is complete. "I have arranged the mounted hunting trophies 'just so.' It really opens up the house. Now it is time to find some freaky survivalist girlfriend to share my life and love of dead animals."

Tom Teske and Don Smith created a play based on the life and times of Jim & Joe. "I will play Jim," said Don. "I feel my boyish good looks will come alive on the stage."
