"September is a Tricky Month"

Volume 22, Number 9

Rice County Happenings:

Don Smith has finally turned into his father. "I have been fighting it long enough," said the rapidly graying and ex-man about town. "Now I spend my days turning off lights, attending several Toastmaster meetings and going to bed by 9:00 pm."

Andy McGrory has successfully made the transition to top son in Winona. "With the departure of Whathisname, I now command the respect of the eldest and wisest McGrory son. When asked his plans for the upcoming year, Andy looked out the window and say, "Keeping in real, chillin' and working on my rep."

Alec Noll has taken college life by storm. "I sleep until noon, I text all my buddies until about midnight, I hang out at coffee shops while trying to grow a soul patch." When asked about his classes, the nimble freshman paused and said, "Classes?"

Janee (nee Lohrmann) Dame Joins American Idol "It Is High Time to Let My Opinion Finally Get Out"

(Hollywood, CA) The producers of *American Idol* have just announced their new guest judge for the upcoming 2009-2010 season and to no one's surprise, **Janee (nee Lohrmann) Dame** was given the nod over an impressive and lengthy list of potential celebrity judges. "Janee was our first choice," said producer **Lorrie Beyl**. "Her connections to show business, her ability to immediately bring much-needed credibility to the role and her ability to earn the trust of all viewers were the top reasons for our decision."

Many insiders were not as confident with the reasons as rumors persist that the main reason Janee got the job was because of being the sister of legendary funny man, **Michael Lohrmann**. "It is all about who you know," whispered a highly regarded television executive who requested anonymity, "They want Mike to make an appearance on the show and the only way it could possibly happen is to get his little sister to be a judge on the show."

Janee comes at a time when the show appears to be at an important creative crossroad. "She needs to give the show a shot of new blood," said television insider, **Sue Meads**. "To be on a big show like that, you usually have to be an entertainment legend, like **Tom Teske**, a close personal friend of some very important, like **Mark Fielding**, or a powerful studio executive or clinically insane (pointing at herself) but Janee has broken the mold and has come up with a new way of doing it. By taking her "Girl Next Door" looks and leveraging her long time connection with 'Mr. Entertainment, Mike Lohrmann, we applaud her inclusion on the show." Mike Lohrmann's agent was not available for comment.
